At Specco the cycle of innovation never stops. We are always at the forefront of innovation, constantly identifying new ways of making products that are more efficient, more inspiring and more amazing. By creating products that are extraordinary in every way we hope to make your life simpler, easier and better.

Once installed, either individually or as a combination the switches appear as perfectly symmetrical circles. The elegance, harmony, and unity of the switches give them a truly timeless appeal. These new switch range follow Specco's impeccable record of crafting products that delight users with their thoughtful functionality and breathtaking aesthetics. We offer refreshingly elegant designs.

To provide superior quality electrical products that: CUSTOMERS recommend to family and friends, ELECTRICIANS prefer for their CUSTOMER, DEALERS select for their clients, EMPLOYEES are proud of, and INVESTORS seek for long-term returns.

To be one of the world's leading producers and suppliers of all types of electrical products.

NOVA WOOD MODULE

It is not the first time we are featuring the work of designer wood plates. Generous wood accents are what define this particular series and here, curve shows us how versatile and beautiful wood can be. Wood plates has always been one of our most often used materials both in architecture and interior design.
